ROBUST BRAKE ROLLER RE-GRITTING KITS

Repair your existing brake tester rollers with our cost effective repair kits. For most makes and models of brake testers. Our kits are suitable for patching without wasting materials or suitable for re-surfacing all 4 brake rollers.

CLASS 4

This kit has enough material to coat 4 complete Class 4 brake rollers.

THE KIT
£87.99

CLASS 4 PATCH KIT

This kit has enough material to coat 1 complete Class 4 Roller. The kit can also be used to patch rollers.

TK/MOT3PCH
£38.99

CLASS 5

Provides enough materials to coat 4 full commercial Class 5 brake rollers.

TK/COM14
£255.00

CLASS 5 PATCH KIT

Provides enough materials to coat 1 complete Class 5 Commercial roller. Can also be used to patch rollers.

TK/COM11
£99.99

CLASS 5

CLASS 5 EXTRA HD

This is our heaviest duty Class 5 kit! Uses a different coating which is for extreme conditions. Specifically designed for Commercial Class 5 Brake rollers for use with Applied Brake Test.

Contains enough material for 1-4 commercial brake rollers and can be used for patching or fully replacing the existing coating.

TK/COM/34VCS1
£399.99

CLASS 7

Coats 4 full Class 7 brake rollers. Waste-free repair of a patch, a roller, or a full set of rollers, as required.

TK/MOT6
£120.99

CLASS 7 PATCH KIT

Contains enough material to coat 1 complete Class 7 Roller. The kit can also be used to patch rollers.

TK/MOT6PCH
£69.99

AIR OPERATED COIL SPRING COMPRESSORS & ACCESSORIES

FOUR STEPS TO SAFETY

LOAD THE SPRING SAFELY

To safely compress a coil spring the spring must first be correctly loaded in the machine. The Simply achieves this with a set of patented 'claws' which can be perfectly positioned to hold the spring in place.

RESTRAIN THE SPRING

Using a 'Safety Cable' that engages in the spring coils will prevent a spring ever leaving the compressor in the event that it was not loaded correctly.

MECHANICAL PROFESSIONAL UNIT

ONLY
£695

- Suitable for most cars
- Thrust Power: 1800kg
- Weight: 50kg
- Dimensions: (W)45cm x (D)40cm x (H)118cm

Order Code: 8011MEK

AIR OPERATED SIMPLY 1.0 PROFESSIONAL

ONLY
£995

- Suitable for most cars
- Operating Air Pressure: 5-10bar
- Thrust Power: 200kg (10bar)
- Weight: 65kg
- Dimensions: (W)50cm x (D)40cm x (H)120cm

Order Code: 9903

TRIPLE BAR SAFETY CAGE

The robust triple bar protection cage provides further safety beyond that offered by the Safety Cable. The machine will not operate unless the cage is lowered.

SAFETY LOCK

The machine will not function unless the cage is both lowered and locked into place.

AIR OPERATED SIMPLY 2.0 HEAVY-DUTY TWIN CYLINDER PROFESSIONAL

ONLY
£1295

- Suitable for larger springs, SUVs, Navara and Mercedes
- Operating Air Pressure: 5-10bar
- Thrust Power: 2400kg (10bar)
- Weight: 70kg
- Dimensions: (W)50cm x (D)40cm x (H)120cm

Order Code: 9905

UNIVERSAL TOP PLATE

The only other accessory you need!

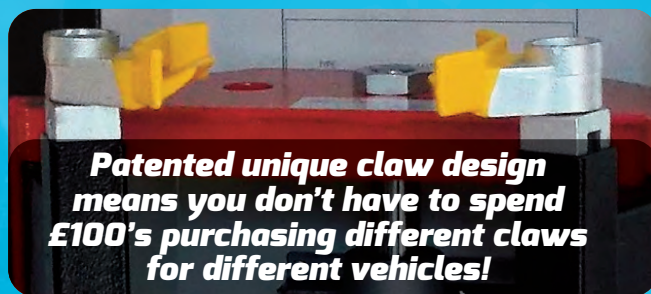

ONLY
£109.95

No requirement for different clamps or claws to suit different vehicles!

If you cannot compress the spring using the claws then use our safe universal top plates. With this you should be able to compress almost any spring!

Order Code: HS200

Patented unique claw design means you don't have to spend £100's purchasing different claws for different vehicles!

ONLY
£139.99

UNIVERSAL SHOCK ABSORBER MASTERTOOL KIT

Our professional and comprehensive set of sockets and allen keys are ideal for the assembly and disassembly of shock absorber and spring/strut assemblies. This amazing suspension kit is suitable for a wide variety of vehicles and a must have tool for use with most Coil spring compressors. High quality Chrome Vanadium sockets and strut nuts with 22mm hex drive. Specialist bits with 10mm hex drive made from high grade chrome alloy steel. The kit comes supplied in a heavy duty blow mould carry case with application chart.

Applications:

Audi, BMW, Chrysler, Citroen, Fiat, Ford, Honda, Mercedes, Nissan, Opel, Peugeot, Renault, Rover, Seat, Skoda, Toyota, Vauxhall, Volkswagen, Volvo.
