MILWAUKEE M12 HEATED JACKET & HOODIE

*** Powered by M12™ REDLITHIUM™ Batteries for extended run-time.**

Reducing the need for bulky layers, Milwaukee® M12™ Heated Gear products utilize carbon fiber heating elements to generate and trap heat across core body areas. Adjustable heat technology allows users to adapt to changing conditions by increasing or decreasing the heat level with the touch of a button. Powered by M12™ REDLITHIUM™ Batteries for extended run-time

- Rugged polyester outer shell with thermal lining holds heat in and keeps the cold out
- Advanced carbon fiber heating elements provide adjustable heat to core body areas
- Two large lower front side pockets keep hands warm and hold various accessories
- Charge cell phones and other electronic devices with the integrated USB port on the battery holster
