

UNIVERSAL PRESS & PULL SLEEVE KIT - CAR / LCV

087800SP

08780000

SPECIAL OFFER

**UNIQUE PATENTED
STACKING DESIGN**

Larger void, due to stacking press sleeves, allows for work to be completed on larger components

**COMPATIBLE WITH
18780500 & 187000V2**

A universal system for the removal and installation of Suspension Bushes, Bearings, Seals etc.

- By selecting the appropriate diameter sleeves, the bush / bearing / seal is 'Pressed', or 'Pulled' by the action of turning the spindle nuts in opposing directions
- Fully universal applications for Cars, LCVs HGVs etc., with a range of kit options to suit individual requirements
- Contains 20 x Press Sleeves in 2mm diameter steps
- Inside Diameter Range: 34 - 72mm
- Outside Diameter Range: 44 - 82mm
- 4 x Step Plates / 4 x Pulling Spindles with thrust bearings
- Supplied in moulded storage case

Can also be used as a stand alone set of tools, with a standard workshop press, with selected model specific Press Piece sets and in conjunction with optional hydraulic upgrade kits. All components are available individually as spare parts.
