

MOT 2

MOT Tester Class 4 & 7 CPD 2020/21

Course Category: Vehicle Systems MOT

Level: 2

Duration: 2 x 2 hours Online

Course Overview:

The objective of this course is to hone and further develop existing MOT testers knowledge, to enable successful completion of the current CPD requirements and to prepare for the MOT annual online assessment. To be booked separately.

Course Content:

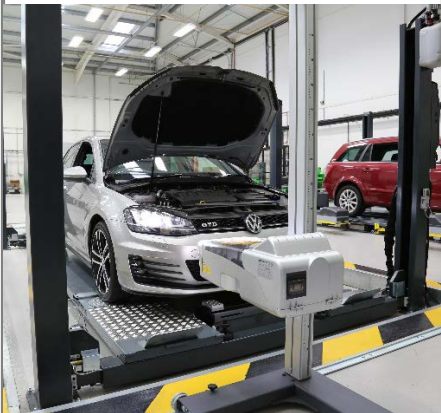

- Introduction to the MOT testing guide
- A look into the documents used including contingency testing, VDRS scheme, prohibition and how to access this information within the testing guide
- Which vehicles fit into which categories
- The disciplinary points system
- Using the inspection manual

Prerequisites:

Be a current MOT tester in classes 4 and 7.

Attainment:

- Have a much better understanding of the MOT testing guide, how to navigate and find information within the guide
- Have a better understanding of documentation that may not be used on a daily basis
- Be able to understand which vehicles fall into which class
- Understand to a much better level the disciplinary points system and what effect that can have on us as testers
- Achieve the minimum annual requirement of 3 hours CPD
